

Financial Aid Tuition Fee Deferment

What is a Financial Aid Tuition Fee Deferment?

A **Financial Aid Tuition Fee Deferment** prevents cancellation of registration for non-payment of fees and temporarily prevents assessment of late payment fees. The anticipated financial aid award is equal to or greater than the cost of tuition in full for the upcoming term.

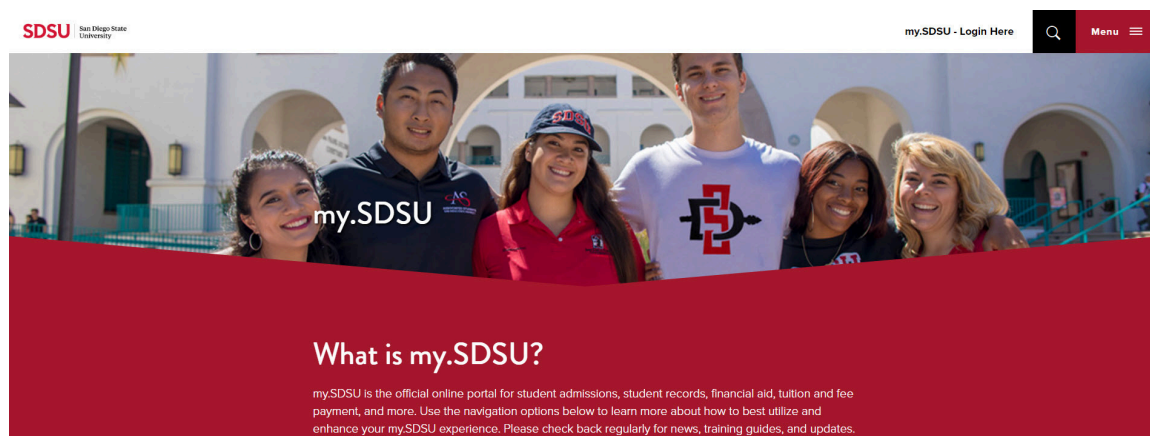

Full Funding vs. Partial Funding

There are two types of Financial Aid students;

- **Full Funded Financial Aid** students are those whose anticipated financial aid award is equal to or greater than the cost of tuition in full for the upcoming term. The Financial Aid Tuition Fee Deferment will automatically apply to these students.
- **Partial Funded Financial Aid** students are those whose anticipated financial aid award is less than the cost of tuition in full for the upcoming term, leaving an out-of-pocket expense that will not be protected with the Financial Tuition Fee Deferment. The Financial Aid Tuition Fee deferment will apply **after** out-of-pocket expense is paid.
