

What are Installment Payment Plans?

Installment Payment Plans (IPPs) are offered as a payment option to help students and families manage the cost of educational expenses. There are three types of Installment Payment Plans, which are only available during the Fall and Spring semesters: **Resident Tuition & Fees IPP**, **Non-Resident Tuition & Fees IPP**, and **Housing IPP**. The **Resident and Non-Resident Tuition & Fees IPPs** break up the total cost of **tuition** into multiple partial payments that are due over the course of the semester. The **Housing IPP** breaks up the total cost of housing into multiple partial payments that are due over the course of the semester. The number of payments depends on the length of the housing license agreement.

❖ Resident Tuition & Fees IPP

- The Basic Tuition and Fee Installment Plan requires an initial payment of your Mandatory Campus Fees. Payments are made via my.SDSU in the “Financial Account” tile.
- The remaining tuition will be split into 3 equal installments, with the first installment including the \$60 service fee.
- If you are receiving a Basic Tuition paying resource (Cal Grant, State University Grant, or Cal Vet Fee Waiver), your Basic Tuition is already covered, so please do not sign up for the Installment Plan.

❖ Non-Resident Tuition & Fees IPP

- The Non-Resident Tuition Installment Plan (Out of State/International) requires an initial payment of your Basic Tuition and Mandatory Campus Fees.
- The remaining non-resident tuition will be split into 3 equal installments including a service charge totaling 10%.

***Please note:**

Students must first enroll in an Installment Payment Plan **before** making initial payment.

Deadline to enroll in the Installment Plan is the [Schedule Adjustment Deadline](#).

❖ Housing IPP

- Plan **does not** require enrollment.
- Students with a 9-month license agreement pay in eight installments, August through April.
- Students with an 11.5-month license agreement pay in ten installments, August through June.
