#### **Overview of Form 1098-T**

Form 1098-T is an informational document submitted to the Internal Revenue Service (IRS) that details the amount students have paid for qualified tuition expenses. This form can assist in deciding whether to claim educational tax credits through Form 8863 and Form 1040 / 1040A.

SDSU will generate Form 1098-T by January 31st each year. It's important to note that there is no IRS mandate requiring students to claim the tuition and fees deduction or an education credit. Claiming educational tax benefits is a <u>voluntary choice</u> for those who may be eligible.

#### What are "Qualified Tuition Expenses":

Per the <u>Internal Revenue Service</u> website, "Qualified tuition and related expenses are tuition, fees, and course materials required for a student to be enrolled at or attend an eligible educational institution".

The following are not qualified tuition and related expenses.

- Amounts paid for any course or other education involving sports, games, or hobbies, unless the course or other education is part of the student's degree program or is taken to acquire or improve job skills.
- Charges and fees for room, board, insurance, medical expenses (including student health fees), transportation, and similar personal, living, or family expenses.
